PROPERTY INFORMATION

Property Address: _____

Year Built: _____

Site Name (If Applicable): _____

Name of Architect (If Known): _____

Please attach a minimum of one (1) photo of the primary elevation with remittance of $100 for plaque fabrication and processing.

Buildings that have been determined by St. Cloud Main Street to contribute to the historic significance of the city are eligible for a bronze plaque in recognition of the building's historic value. These plaques are intended to promote public appreciation and civic pride in our community's history. Purchase and installation of a historic preservation plaque does not restrict the use of maintenance of your property. If you property is determined to no longer contribute to the historic significance of the city (as a result of alterations or significant deterioration, natural or man-made), the St. Cloud Main Street reserves the right to remove the plaque, without reimbursement to the property owner.

St. Cloud Main Street are not responsible for damage caused to the plaque or building during installation, improper maintenance, aging, or theft. Plaques are issued once annually during May, National Historic Preservation Month. Applications must be received no later than February 13th of each year to be eligible for a plaque in May of the same calendar year.

By signing below, you attest that you understand and agree with the information outlined above.

Applicant Signature: Date:

FOR OFFICIAL USE ONLY	
Date Received:	
Parcel ID Number:	
Florida Master Site File Number:	
Is the building contributing to the local historic district?	☐ Yes ☐ No
Is the building a designated local landmark?	☐ Yes ☐ No

ST. CLOUD MAIN STREET
HISTORIC PRESERVATION
PLAQUE DESIGN

Plaques are constructed of cast bronze and are 6 inches in diameter. All lettering on the plaque is in a raised lettered format upon a bronze background. Installation hardware is included.

If the building listed above in the "Property Information" section is determined to be contributing to the historic significance of the city, the plaque will contain the following information:

Historic Building
St. Cloud Historic Preservation
Year of Construction

If the building listed above in the "Property Information" section has been designated as a local historic landmark, the plaque will contain the following information:

Historic Landmark
St. Cloud Historic Preservation
Year of Construction

Plaque must be installed adjacent to the main entry door, at least 18" away from the door frame, and located at eye level. Fasteners installed in brick must be done in the mortar joint, avoiding the brick.

Example of Plaque Design

Please Note: The images above are samples intended to provide a visual representation of the plaque. Prior to fabrication, you will be required to sign off on a proof of the plaque specific to the property listed in this application.
